

# Veggie6

- **Healthy Breakfast Substitute**

A glass of vegetable juice is a nutritious and convenient alternative to traditional breakfast.

- **Preserves Nutrients Lost in Cooking**

Juicing helps retain essential nutrients that are often destroyed during cooking.

- **Better Nutrient Absorption**

The body absorbs nutrients more efficiently from juice than from whole vegetables.

- **Rich in Antioxidants**

Provides a high dose of antioxidants that help fight free radicals and support overall health.

- **Boosts Overall Nutrient Intake**

Offers a concentrated source of essential vitamins and minerals, ideal for daily health support.

**Use: one sachet (25g) daily**

# Veggie6

- **Supports Metabolism and Absorption**

Compensates for the body's limited ability to absorb 100% nutrition from regular food intake.

- **Made with 6 Ayurvedic Superfoods**

Contains amla, beetroot, carrot, ginger, lemon, and moringa – each known for its unique health benefits.

- **Completely Natural & Nutritious**

100% natural ingredients with no synthetic additives; full of taste and nutrition.

- **Convenient & Time-Saving**

Offers a quick, ready-to-consume way to nourish your body without chopping or cooking.

- **Boosts Immunity and Energy**

The powerful blend helps strengthen the immune system and enhance daily stamina naturally.

Use: one sachet (25g) daily
